HOW TO USE THIS REPORT

1

Start with the Quick Reference page

The next page gives your Moolank, Bhagyank, current Maha Dasha, and best upcoming windows — everything at a glance before diving into detail.

2

Find your current Annual Period

Look for the card marked ">> YOU ARE HERE". Read 'Why this period has its quality' first, then Career, Money, Relationships, and the Remedy table.

3

Use the Daily Dasha table week by week

Don't read all 365 rows at once. Every Monday, check the next 7 days. Schedule important conversations and decisions on 'Good' quality days.

4

Pick one remedy per period — just one

Each period gives 3 remedy options. Choose the one that fits your lifestyle. You don't need all three — one done consistently is far more effective.

5

Keep Core Guidance as a reference

The Career, Wealth, Relationships, and Remedies sections reflect your birth chart's long-term direction. Re-read them when making major decisions.

6

Scan the Pratyantar table for best windows

In the Pratyantar table, 'Good' rows (green quality) are the windows where effort is most rewarded. Mark these in your calendar for key actions.

For questions about any period or section, use the support thread in your member dashboard.
